

**[For Immediate Release]**

## **I.T Becomes a Constituent Stock of MSCI Global Small Cap Indices**

(8 May 2008 - Hong Kong) I.T Limited ("I.T" or the "Group"; stock code: 999), a well-established trendsetter in fashion retail market in Greater China, is pleased to announce that it will be added to Morgan Stanley Capital International ("MSCI") Global Small Cap Indices, with effective from the market close of 30 May 2008.

MSCI indices have become the most widely used international equity benchmarks by institutional investors. MSCI is a leading provider of global equity indices and benchmark related products and services to investors worldwide. It covers companies with good operational results and potential. Changes to the MSCI indices may lead to the adjustment or rebalance of portfolios of a large number of institutional investors.

Commenting on the inclusion to the MSCI Global Small Cap Indices, Dr. William Lo, Vice Chairman and Managing Director of the Group, said, "We are honoured that I.T has been selected as one of the MSCI Global Small Cap Indices' constituent stocks. We believe the inclusion will further enhance our reputation and position within the international capital market. Leveraging on our competitiveness and unique "multi-brand, multi-layer" business model, the Group is dedicated to maintain a strong growth and generate greater returns for our shareholders and investors in the future."
